Point Capital has successfully identified and sourced an institutional capital partner to back Chapter + Co's Australian Self-Storage Value-Add Fund series. Julian Reznik, Managing Director of Chapter + Co states that "Point Capital shared our vision and dedicated themselves tirelessly in pursuit of an institutional partner to continue our growth as an alternative real estate fund manager. By carefully crafting the self-storage offer and skilfully communicating this to capital, Point Capital were able to far exceed our expectations and generate overwhelming interest in the process. Along the journey, Point Capital provided invaluable insights and strategic counsel while maintaining impartiality and a perspective for what is right for our business."
